

**Want to create a beautiful, healthy
and sustainable garden?**

**Learn how at these upcoming
hands-on workshops:**

■ **Bay-Friendly Gardening Basics:** Considering form and function before planting can you save time and resources. This workshop will provide an overview of design and maintenance considerations and practices that will help you make smart choices in your garden.

Feb 27 - San Jose • March 20 - Palo Alto • May 15 - Morgan Hill.

■ **Gardening From the Ground Up:** Healthy soil is the foundation of a healthy garden. Backyard composting, sheet mulching basics and other soil building techniques will be covered.

April 10, May 1, & June 5 - San Jose • April 17 & June 19 - Palo Alto.

■ **Let Worms Eat Your Garbage:** Small on space and big on benefits – worm composting is a great way to recycle kitchen scraps into a fantastic organic fertilizer.

March 6 - San Jose.

■ **Gardening to Manage Pests Naturally:** Control pests without the use of pesticides. Attract beneficial insects to your garden. Discover least-toxic methods for managing common garden pests such as snails, slugs, and aphids.

May 22 - Palo Alto • June 12 - Cupertino.

\$20 materials fee per workshop
